November 30 Strike Special

After the biggest day of action in a generation, *Hacked Off!* brings our readers a photo special from the big day.

Workers from all sections gathered at their workplaces from 6.30 am to picket.

All the main buildings in Hackney were picketed, along with many depots, schools and libraries across the borough.
Unison members were joined by lots of other trade unionists on the day.

UNITE, GMB and UCATT members.

Teachers from the NUT, UCU, ATL and NAHT.

Civil Servants from the PCS.

Ambulance Workers, also in UNISON, as well as loads of other health workers.
Thousands of Hackney workers were on strike. UNISON stewards did a fantastic job.

Hundreds joined the rally at the Town Hall at 10.30 before marching with their comrades to Homerton Hospital.
Hackney UNISON sends solidarity greetings to all members on strike on the day. Whatever union, whichever job, we stood together in unity to defend decent pensions for all workers.

Thank you to all members who took action.
